IMPORTATION OF MEAT AND PRODUCTS. NOTICE NO. 1.  
MEXICO.

Notice under section 2, regulation 27, of the Regulations Governing the Meat Inspection of the United States Department of Agriculture (B. A. I. Order 211), in reference to Meat and Products Offered for Importation into the United States from the Republic of Mexico.

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE SECRETARY.

Whereas it has been determined by the Acting Secretary of Agriculture, after due investigation, that there does not exist in Mexico a system of meat inspection the substantial equivalent of or as efficient as the system of meat inspection established and maintained by the United States, and that the inspection of meat and products derived from cattle, sheep, swine, and goats made in Mexico is not the substantial equivalent of and is not as efficient as the inspection made of such articles by the United States;

Now, therefore, I, Carl Vrooman, Acting Secretary of Agriculture, pursuant to authority conferred by section 545 of the act of Congress, entitled "An act to reduce tariff duties and to provide revenue for the Government, and for other purposes," approved October 3, 1913, and in compliance with section 2, regulation 27, of the regulations governing the meat inspection of the United States Department of Agriculture, contained in an order made by the Secretary of Agriculture, dated July 15, 1914, designated as B. A. I. Order 211, do hereby give notice of the foregoing determination.

Accordingly, it is hereby ordered that the name of O. E. Troy, of Ciudad Juarez, Mexico, be removed from the list of foreign officials authorized to sign inspection certificates for meat and products for importation into the United States.

The foregoing notice and order shall become and be effective on and after May 7, 1915.

Done at Washington this 6th day of May, 1915.

Witness my hand and the seal of the Department of Agriculture.

CARL VROOMAN,  
Acting Secretary.

IMPORTATION OF MEAT AND PRODUCTS FROM MEXICO.  
NOTICE NO. 2.

---

Notice under section 2, regulation 27, of the Regulations Governing the Meat Inspection of the United States Department of Agriculture (B. A. I. Order 211), in reference to Meat and Products Offered for Importation into the United States from the Republic of Mexico.

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE SECRETARY.

Whereas paragraph 545 of the act of Congress entitled "An act to reduce the tariff duties and to provide revenue for the Government, and for other purposes," approved October 3, 1913 (38 United States Statutes at Large, page 159), prescribes, among other things, that none of the articles mentioned in said paragraph shall be admitted into the United States unless the same complies with the rules and regulations made by the Secretary of Agriculture for carrying out the purposes of the paragraph;

And whereas the regulations governing the meat inspection of the United States Department of Agriculture, contained in an order made by the Secretary of Agriculture, dated July 15, 1914, designated as B. A. I. Order 211, prescribe, among other things, that, unless a system of meat inspection the substantial equivalent of the system maintained and established by the United States is maintained by a foreign country, no meat or meat food product shall be admitted therefrom into the United States, and that no meat or meat food products shall be admitted into the United States from such foreign country unless accompanied by a meat-inspection certificate signed by an official duly authorized by the National Government of such foreign country to sign and issue the same;

And whereas the Secretary of Agriculture has been officially informed that the authority under which A. J. Maloney, of Ciudad Juarez, Mexico, was heretofore recognized by this department as authorized to sign and issue certificates of inspection of meat and

meat food products offered for importation from Mexico into the United States no longer exists;

And whereas it has been determined by the Secretary of Agriculture, after due investigation, that the authority under which the inspection of meat and meat food products is conducted in Mexico does not meet the requirements of the said regulations governing the meat inspection of the United States. Department of Agriculture:

Now, therefore, I, D. F. Houston, Secretary of Agriculture, pursuant to authority conferred by said act approved October 3, 1913, and in compliance with said regulations governing the meat inspection of the United States Department of Agriculture, do hereby give notice of the foregoing determination.

Accordingly, it is hereby ordered that the name of A. J. Maloney, of Ciudad Juarez, Mexico, be removed from the list of foreign officials authorized to sign and issue inspection certificates for meat and meat food products for importation into the United States.

The foregoing notice and order shall become and be effective on and after October 21, 1915.

Done at Washington this 20th day of October, 1915.

Witness my hand and the seal of the Department of Agriculture.

D. F. HOUSTON,  
*Secretary.*
